

Parks in THPRD with beautiful vistas or water features, accessible by wheelchair

These walks are all between .5 mile and .8 mile and are accessible to walkers and wheelchairs. All are in THPRD and can be found on their [parks list](#).

The walks all have a point of interest like a beautiful vista, lake, creek or wetland. The Commonwealth Lake path is the best, has benches, and can be shortened by staying on the most beautiful side of the lake nearest the wheelchair entrance and the row of houses.

Beautiful Wheelchair Accessible Trails in THPRD – .5 to .8 miles

1. Commonwealth Lake Park (Foothill St./Dellwood St. entrance accessible)
